

ABOUT LOIS ADEYEMO

One-liner bio.

Civil/Environmental Engineer &
Co-founder of AfriteQ Academy

Full bio.

Lois Adeyemo brings over 8 years of experience in Civil and Environmental Engineering, specializing in research, planning, design, and implementation of infrastructure projects including water, reuse, wastewater, and sanitation systems. She excels in developing safe, economical, carbon-efficient, and sustainable environmental solutions.

As Co-Founder of AfriteQ Academy, Lois nurtures young engineering talent through programs like the Engineering Summer Camp Experience, Afterschool STEM Mentoring Program, Little Engineers Camp, contributing to the advancement of engineering education and profession.

In her role as the professional outreach event manager with the Society of Women Engineers (SWE) Lagos Chapter, Lois encourages secondary school girls to pursue careers in Engineering and STEM, impacting over 500 young minds. She also serves as a Global Ambassador of SWE and leads STEM programs for the Association of Professional Women Engineers of Nigeria Lagos Chapter as the STEM Committee Lead, benefiting up girls across Lagos State.

Lois is a proficient graphic designer and website builder, holds a Master's degree in Environmental Engineering from Newcastle University, UK, and a Bachelor's degree from Swansea University, UK. She advocates for the UN Sustainable Development Goals, particularly Good Health and Well-being, Quality Education, and Clean Water and Sanitation, and is a Registered Member of COREN and an active member of professional engineering associations, including the Ontario Society of Professional Engineers, Nigerian Society of Engineers, American Society of Civil Engineers, Society of Women Engineers, and International Water Association, USA.
