About Us.

Introduction

At Adelois Consulting, we are passionate about empowering the next generation of leaders in STEM (Science, Technology, Engineering, and Mathematics) through personalized coaching, engaging workshops, and career development support. We guide individuals at every stage of their journey, helping them build confidence, skills, and fulfilling careers in STEM.

Founded by Lois Adeyemo, Adelois Consulting started as an independent initiative focused on mentoring, STEM advocacy, and capacity building. In 2024, the company was officially registered in both Canada and Nigeria, marking a new chapter in our commitment to creating impactful change on a global scale in STEM while fostering innovation, growth, and inclusion.

Mission.

INCREASING ACCESS TO MENTORING FOR
STEM LEARNERS AND LEADERS

Vision.

TO BE A GLOBAL LEADER IN STEM EDUCATION AND
ADVOCACY, TRANSFORMING LIVES THROUGH
INNOVATION, MENTORSHIP, AND SKILL-BUILDING.

OUR TRACK RECORD IN STEM EDUCATION

- 1,000+ Student & Mentee Impact
- 20+ STEM Programs Delivered
- 5+ International Organizations
- 100% Satisfaction

From the Founders Desk.

Dear Friends,

Welcome to **Adelois Consulting**—where passion meets purpose in the pursuit of empowering individuals and organizations through STEM education and mentorship.

When I founded Adelois Consulting, it was born out of a deep desire to create a platform that inspires, nurtures, and transforms lives. As a STEM advocate and mentor, I've seen firsthand the power of education and guidance in shaping careers, opening doors to opportunities, and building a brighter future for individuals and communities alike.

Over the years, we have grown from an independent initiative to a globally recognized entity, officially registered in Canada and Nigeria. This journey has been fueled by an unwavering commitment to excellence and a belief in the potential of every individual we work with. Whether it's through our mentoring programs, career development workshops, or STEM advocacy efforts, we aim to create meaningful and lasting impact.

At Adelois Consulting, we believe in empowering the next generation of leaders, thinkers, and innovators. Our mission is simple yet profound: to inspire, educate, and equip individuals with the tools and skills they need to excel in STEM fields and beyond.

As you join us on this journey, I encourage you to dream big, stay curious, and embrace growth. Together, we can break barriers, build bridges, and shape a future where everyone has the opportunity to succeed.

Thank you for choosing to be part of the Adelois Consulting family. Let's make an impact together!

LOIS ADEYEMO

Adelois Consulting

Our Services

We provide tailored mentoring services to aspiring STEM leaders, helping them develop personal and professional skills for long-term success.

- 1** STEM Careers Path Research Exercise
- 2** STEMUp Mentorship
- 3** REBOOT Mentoring
- 4** STEM Mentoring Boot Camp
- 5** Launch a STEM Mentoring Program at Your Institution

1

STEM Careers Path Research Exercise.

The STEM Career Path Research Exercise is a 90-Minutes Online interactive session designed to help high school students gain insight into various fields, career possibilities, and the paths they can take to achieve their goals.

This exercise is an interactive exploration of different STEM disciplines, careers, and industries. It's tailored to help you:

- Discover your STEM career – Learn about careers in engineering, technology, science, and mathematics.
- Identify your interests – Pinpoint which path aligns with your skills and passions.
- Research career opportunities – Explore real-world job roles, industries, and companies where you can apply your knowledge.
- Plan your journey – Get tips on the education, skills, and experiences you need to succeed in your chosen career.

STEMUp Mentorship.

STEMUp is your 6 weeks premier destination for personalized, one-on-one mentorship in Science, Technology, Engineering, and Mathematics (STEM). Whether you're seeking academic assistance, career advice, or skill development, we are here to help you reach your full potential and achieve your goals.

Why You Should Join STEMUp:

- **Six One-on-One Sessions:** Your mentoring sessions are bespoke to you. Each session lasts for 60 minutes.
- **Clarity:** You will finish your mentoring sessions knowing how to navigate your STEM career.
- **Growth:** We will help you figure out your strengths and identify skills that will help you confidently pursue your STEM career.
- **Weekly Tasks:** You will be assigned hands-on weekly tasks to help you navigate to your STEM career.
- **Resources:** We will point you towards informative content to learn and develop with.

REBOOT Mentoring.

Empowering the Next Generation of Female Engineers!

The REBOOT Mentoring Program is a unique, year-long FREE mentorship opportunity designed to support ambitious young women as they navigate their engineering studies and prepare for a rewarding career. The program only selects 2 (TWO) Engineering students a year. Applications are taken from November through December every year.

How REBOOT Mentoring works

- **8 Months Personalized Mentorship:** You will choose your own mentoring topics for each session. As your mentor, I will work with only your needs and assess your performance.
- **4 Months Project-based Learning:** You will officially become an intern. I will tailor your 8 months personalized mentorship to help you to enhance your technical and leadership skills to excel in engineering.
- **Skills Development:** As you begin your mentoring sessions, you will develop soft and technical skills needed to excel in engineering.

4

STEM Mentoring Boot Camp.

Empower. Inspire. Excel.

The STEM Mentoring Boot Camp is a transformative 3-day online group mentoring program created to empower, inspire, and unlock the potential of STEM enthusiasts like you.

Each day is thoughtfully designed with a focused module and a hands-on activity to help you grow both personally and professionally. Whether you're looking to refine your skills, gain industry insights, or connect with like-minded individuals, this Boot Camp is your opportunity to take a significant step toward achieving your STEM dreams.

Why Join?

- **Personalized Attention:** With only 10–12 participants per session, you'll receive tailored guidance and support.
- **Growth-Focused Modules:** Gain practical knowledge and tools to boost your confidence and career prospects.
- **Interactive Learning:** Engage in dynamic activities that inspire creativity and innovation.

5

Launch a STEM Mentoring Program at Your Institution.

Starting a STEM Mentoring Program at your institution might feel overwhelming, but that's where Adelois Consulting comes in. We're here to simplify the process and ensure no detail is overlooked, helping you design a mentoring program that aligns perfectly with your vision. Whether you prefer one-on-one mentoring or a group format, we can tailor the program to suit your needs.

A well-designed STEM Mentoring Program at your institution creates a powerful platform for STEM enthusiasts and leaders to develop both personally and professionally, fostering growth, innovation, and a stronger STEM community.

With our **SMART Approach** and **Five Phase timeline**, we ensure your mentorship program is thoroughly planned, executed, and evaluated for lasting impact. We bring a 100% dedicated approach to ensure your 100% success.

Let us help you bring this impactful initiative to life!
